### **Malta Association of Credit Management Marks 25th Anniversary**

The Malta Association of Credit Management (MACM) is proud to mark a significant milestone this year as we celebrate our **25<sup>th</sup> Anniversary**. This special occasion represents not only the longevity of the Association, but more importantly the collective dedication, professionalism, and commitment of our Members over the past quarter-century.

Since its establishment in 2001, MACM has evolved into a strong and respected professional community. Over the years, the Association has worked consistently to support its esteemed Members through education, professional development, networking opportunities, advocacy, and the provision of effective and reliable credit information and data, while promoting the highest standards and ethical practices in credit management across Malta.

This anniversary offers an important moment to reflect on how far we have come together. Our progress has been made possible through the active involvement of our Members, the guidance and leadership of past and present Councils, and the valuable

contribution of our partners and supporters. Each of you has played a crucial role in shaping MACM into the Association it is today. Thank you for your continued support and trust.

*“Reaching 25 years is a proud achievement for our Association. It is a celebration of our Members, whose engagement and professionalism continue to strengthen MACM and the credit management profession in Malta. Through the Secretariat, that I proudly manage, we strive to continue providing effective and efficient credit management services which help Maltese creditors secure sound cash flow and profit.”*

– Josef Busuttil, MACM Director General

As part of our 25th anniversary, MACM will be organising a number of seminars, lectures, and other events. A flagship Credit Conference will also be held on Thursday, 16 April 2026, followed by a networking reception – please save the date. These celebrations are intended not only to honour our history, but also to look ahead to the future, as we continue to support you, our Members, in an evolving economic and regulatory environment.

On behalf of the Council, we extend our sincere thanks to all MACM Members – past and present – for your ongoing trust, participation, and support. We look forward to celebrating this milestone with you and to building the next chapter of MACM together.

Charles Xuereb, MACM President, concluded:

*“As we celebrate 25 years of MACM, we are reminded that our greatest strength lies in our unity and our shared purpose. The challenges facing credit professionals today are complex and ever-changing, yet our community continues to respond with resilience, integrity, and innovation.*

*Over the coming years, MACM will continue to invest in knowledge, technology, and collaboration, so that our Members are better equipped to manage risk, safeguard liquidity, and support sustainable economic growth in Malta. We remain firmly committed to being your trusted partner in credit management – a forum where expertise is shared, best practice is advanced, and the voice of the profession is heard.*

*I am deeply grateful for your loyalty to the Association and for the confidence you place in MACM. Together, we will not only celebrate our past but also shape a future in which credit management continues to play a central role in the strength and stability of Malta’s business community.”*
