

## **Infocredit Group shortlisted as 'Credit Information Provider of the Year 'at Credit Awards 2022!**

Infocredit Group, leading provider of business intelligence and risk management solutions for more than 50 years proudly announces that it is shortlisted at this year's Credit Awards 2022, in the category of **"Credit Information Provider of the Year"**!

Credit Awards, organized by Credit Strategy, one of the largest international media on credit (magazines, portals, conferences) is the biggest and most respected awards programme in the credit and financial services industry. The awards, also known as "the Oscars of the industry," honor and recognize innovation, best practices, and the dedication of people, company divisions, and multinational corporations from throughout the sector. The ceremony, where the winners will be announced, will be held on 29th June 2022 at the Grosvenor House Hotel, London.

Infocredit Group has a vast experience within the credit industry and its expertise and innovating solutions contribute significantly to the international Credit industry and to the profession in general. It is worth mentioning that despite the challenges that Covid-19 brought to many businesses, Infocredit Group not only manage to overcome them but also launched new services in the credit sector and expanded its extensive international network of strategic alliances with reputable companies and associations. Being recognized for the aforementioned by such significant awards as the Credit Awards 2022, is a great honor for the company.

Theodoros Kringou, CEO of Infocredit Group stated: "It's such an honor to be included in the shortlist for Credit Information Provider of the Year award, among some of the best companies of the industry! I would like to thank the entire team for their ongoing efforts and commitment. I am really proud of what we're doing and I'm fortunate to work alongside a group of such passionate professionals."

Congratulations to all the nominees! For more info on the awards click [here](#)
